Certificate of Participation

This is to certify that

Emanuele Lucrezia

contributed as tutor to the

G-Node Advanced Neural Data Analysis Course

March 5 - 22, 2018

The course comprised lectures, exercises, and practical work on methods and tools for advanced neural data analysis with MATLAB and Python. Tutoring involved supervising and guiding students in their course work and required knowledge of the methods as well as technical and didactical skills.

Jülich, March 22, 2018
